UAT Deployment Authorization Form

By signing this form all signatories acknowledge that the FranConnect UAT has been reviewed and approval has been given to proceed with production deployment.

Note: Failure to return this document in a timely manner will result in a delay of system release.

Check this box to confirm you have completed the following:

1. Users configuration
2. Roles configuration
3. Data review
4. Customization review
5. Day to day functions/work-flow review/testing as it relates to our business

Special notes on data to be ported from UAT as opposed to from existing production:

Requested Launch Date: November 30, 2015

Signature: Todd Bingham

Printed Name: TODD BINGHAM

Title: President

Date: November 9, 2015
